

TOGETHER We Can Help Enrich Lives.

The hallmark initiative of the SCBA's Young Bankers Division is to promote financial literacy throughout the Palmetto State AND to make the public aware of our collective efforts to help improve lives in our communities.

WHAT IS FINANCIAL LITERACY?

It is the personal ability to use fundamental knowledge and skills to manage financial resources effectively for a lifetime of financial well-being.

Utilize Our EDUCATIONAL LIBRARY

You'll find lots of support information on our website at
